

Kittelson & Associates are Consultants for *Communities in Motion*

The Community Planning Association of Southwest Idaho (COMPASS) and the Idaho Transportation Department have selected Kittelson & Associates, Inc. (KAI) to provide technical analysis, scenario development, and planning documents for *Communities in Motion (CIM)*. *CIM* will develop a single transportation plan to address issues in Ada, Boise, Canyon, Elmore, Gem, and Payette Counties. A team representing COMPASS and its member agencies selected KAI through a competitive bid process. COMPASS and ITD will share the cost of the \$1 million project, with each contributing \$500,000, plus staff time for project coordination and management.

Kittelson & Associates, Inc. (KAI) was founded in 1985 to provide transportation planning, engineering, and research services to government agencies, municipalities and private organizations. The company opened an office in Boise in 2003; other offices are located in Portland, Baltimore, Fort Lauderdale, and Orlando.

Sub-contractors will support the work of Kittelson & Associates:

Fregonese Calthorpe & Associates, of Portland, Oregon, is a land-use planning firm that specializes in comprehensive planning, Geographic Information System (GIS) analysis, land-use ordinances, implementation strategies, and innovative public involvement programs and materials. FCA will lead scenario planning for CIM.

ECONorthwest, Inc., is an economic consulting firm with extensive experience in transportation finance, transportation-land use interactions, and economic development. The company has offices in Eugene, Portland, Seattle, and Boulder.

MKP Consultants, of Burbank, CA, work on parking management, transportation planning, transportation demand management, and policy issues throughout the Western United States.

CH2M Hill, Inc., is an international multi-disciplinary consulting firm with an office in Boise. The firm will apply its experience in inter-modal planning, Intelligent Transportation Systems (ITS) planning, and congestion management to CIM.

RBC, Inc., has provided public involvement and strategic communications services for transportation projects in Idaho for a decade. RBCI will implement these processes for *Communities in Motion*. RBC, Inc. is based in Boise.
